External Training for Community Mapping and Data Collection on Solid Waste Management

10th September 2016
Event Documentation

Funded by the
Erasmus+ Programme
of the European Union

After our local partners, Janvikas and Centre for Development, did a round of outreach amongst the residents of Bombay Hotel to raise awareness about the Solid Waste Management (SWM) community planning exercise, we organised a half-day training session on 10th September 2016 for resident volunteers and staff members of the local partners to map and collect data on the existing situation of garbage and the infrastructure for SWM. Using printed pre-prepared tiles of the area with a legend and a questionnaire, the residents were coordinated by Janvikas and CfD to collect data essential for planning for SWM over the next two months.
